

Connect(x) Healthware EHR, v3.0 is compliant with the 2014 Edition and has been certified by ONC-ACB in accordance to the certification criteria of the Secretary of Health and Human Services. This certification does not represent an endorsement by the U.S. Department of Health and Human Services.

There are no known limitations that a user may encounter in the course of implementing and using Connect(x)'s complete EHR's capabilities, whether to meet meaningful use objectives and measures or to achieve an other use within the scope of the Health IT's Certification. The only additional cost that could be incurred would be for any unknown integrations. To use the product without any integration, to say a lab that we are not currently integrated with or a PACS etc...there would be no additional cost.
